I've rolled up R-1.0.0.tgz a short while ago.

You can get it from

ftp://cvs.r-project.org/pub/CRAN/src/base/R-1.0.0.tgz

or

http://cvs.r-project.org/pub/CRAN/src/base/R-1.0.0.tgz

or wait for it to be mirrored at a CRAN site near you within a day or two. It should get to the CRAN master site within a few hours.
